IT Essentials (Cybersecurity: ICT Essentials)

Rev. 1.18.2025

An in-depth exposure to computer hardware and operating systems. Students learn the functionality of hardware and software components as well as suggested best practices in maintenance and safety issues. Through hands-on activities and labs, students learn how to assemble and configure a computer, install operating systems and software, and troubleshoot problems. An introduction to computer networking is included. To learn more about this course see our course catalog or visit our website at www.tvrop.org

Students can earn. . .

- 10 high school credits
- 4 potential college credits
- UC a-g "g" approval (College-Preparatory Elective)
